(2) Meningitis.
Officer in Charge
Army Service Corps
Woolwich

I enclose herewith detailed report of the disease leading to his death, also the remainder of his documents.
His Medical History Sheet was forwarded to the Hospital on 12th inst by the Officer in Charge. This document has been revised for the Hospital. The Officer in Charge of the Hospital states that there is no record of will having been found among his personal effects which have been forwarded to you. If there are any articles among these effects which should be sold the amount for same included in his final estate account, will be forwarded them to me for that purpose.
