August 1917 - We regret to have to record the death of Cyril Gold. It will be in the minds of some that only as lately as the last Magazine, we gave the account of how he got his Military Medal; and now we hear how he got caught by shrapnel which so shattered his leg it had to be amputated, and he died two days after the operation in a hospital in Rouen. This adds much to the sorry of his parents who for a long time have had a son a prisoner in Germany and we hope our Father in heaven will help them to bear their troubles.
